

Northern Shenandoah Valley Master Gardener Association Project Application

This form is for individuals interested in requesting or collaborating in a project with the Northern Shenandoah Valley Master Gardener Association. It's important to have a strong mission statement that encompasses the Master Gardener theme of education. Applications are not required to have a Master Gardener project leader, but it encourages longevity and activity within the project.

Virginia Cooperative Extension Master Gardeners (VCE-MGs) are volunteers with Extension dedicated to working with the community to encourage and promote environmentally sound horticulture practices through sustainable landscape management educational programs.
