

BLACK WALNUT

JUGLANS NIGRA

PLANT CHARACTERISTICS

Size

75-100' high, 75-100' wide

Sun/Shade

Full sun

Water

Medium

Maintenance

Medium

Life Span

Deciduous Tree, Zones 4-9

DESCRIPTION

Mature trees have an oval rounded crown with long trunks, frequently with a lack of lower branches. Gray-black bark is sharply ridged with fissures that form a diamond pattern. Odd-pinnate compound leaves (up to 24" long) have 13-23 oblong to lanceolate leaflets. Fall leaf color is yellow. Female flowers produce edible nuts that mature in autumn.
